2024-2026 (May - August)

- Social Media & Content
 - Created and managed social media calendars, including all graphics, captions, and videos to keep the brand active and engaging.
 - Organized and led content shoots to make sure we always had fresh, high-quality visuals for our platforms.
- Ads & Outreach
 - Updated ads for Meta and Google Display, making sure the designs and messaging were always performing well.
 - Handled all email and SMS marketing, from writing the promos and reminders to hitting "send" on the blasts.
- Website & SEO
 - Managed the WordPress site by designing new pages and updating content to make it look better and rank higher on Google (SEO).
 - Fixed and refreshed website copy and articles to make them easier for customers to read and find.
- Data & Strategy
 - Pulled and analyzed weekly data reports from our software to help the team decide what marketing moves to make next.
 - Updated company brochures and sales materials so the branding stayed consistent across all ads and flyers.
- Signage
 - Led the signage process from initial concept and artwork design to supervising fabrication and final installation.
